

## Key Benefits of Urah TGC

For the first time, both chondro-protective and anti-inflammatory agents of natural origin have been put together in one optimal formula, delivered through the safest and most convenient route.

Delivers large amount of Glucosamine directly to the body with no side effects and 10 times more efficient than oral dosages.

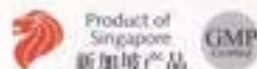

No risk of stomach allergy which is normally associated with oral Glucosamine

Delivers effectively to the damaged cartilage

Fast absorption, high strength and lasting relief.

### Dosage

Rub approximately 0.5g-1g per affected area 2-3 times daily. Rub to Knee, Ankle, Neck, Shoulder, Back, Hip, Elbow, Wrist, Fingers, Muscles etc. For maximum benefit, continue to apply for 4 weeks even if condition has improved.
